**CHABOT DISCUSSES AL QAEDA TERROR THREAT TO CALIFORNIA FROM MEXICO BORDER**

(INLAND EMPIRE, CA) – May 19<sup>th</sup> 2010 - 3rd Assembly Candidate, LT Commander(s) Paul Chabot's Campaign Surge to Victory continues to gain ground.

**Chabot Surge to Victory DAY 19**

Navy LT Commander (s) Chabot issues statement concerning terror threat to California from Mexico's border, *"Our State, like the rest of the Nation remains in danger of a terror attack for the foreseeable future. We know that al Qaeda is attempting to negotiate with Mexican drug cartels for the trafficking of narcotics from Latin America and Africa. Unless our border is secured and Mexico is stabilized, the threat to our homeland is real. It's not if we are going to be hit again, but rather when. As an Assemblyman, I will work to secure our border, fight drug cartels and ensure our public safety and intelligence professionals have*

*the tools they need to protect our citizens. I will do all I can to prevent a 9-11 from happening in California."*

Chabot, an expert in the area of drug cartels and terror networks has a broad background in law enforcement and military intelligence. He has served as a narcotics officer reserve for a number of years and worked for the White House Drug Czar for nearly six years. During September 11th 2001, Chabot was working for the White House during the terror attacks and joined the military as a naval intelligence officer where he was stationed in the Pentagon. He authored a doctoral study on drug cartels and while in Iraq, Chabot served as a Special Operations Intelligence Officer where he authored a strategy to defeat al Qaeda. He has lectured around the nation and is currently authoring a book on the subject.

The unclassified version of the strategy is used today for military and law enforcement training and can be found on the internet by clicking here. Chabot is widely endorsed by professional law enforcement and military associations because of his strong moral character and thorough understanding of public safety and threats to our homeland.
